**Contribution Information**

**Pre-Tax Contribution Election.** I wish to contribute \_\_\_\_\_% (indicated by whole or fractional percentages)

**Roth Contribution Election.** I wish to contribute \_\_\_\_\_% (indicated by whole or fractional percentages)

Flat dollar elections are only allowed if you wish to maximize the IRS 402(g) contribution limits for the current plan year, including catch-up contributions (if eligible). The minimum flat dollar amount that you may contribute on a per pay basis is \$673.07 and a maximum of \$884.62.

**Pre-Tax Contribution Election.** I wish to contribute \$ \_\_\_\_\_

**Roth Contribution Election.** I wish to contribute \$ \_\_\_\_\_

*Please note, elections that are less than the minimum amount allowed by the plan will be deemed not in good order and will not be honored and may delay your request.*

**Election to Not Participate in Auto Increases**

If you do not opt out of participating in the plan within 30 days, you will be automatically enrolled in the plan and 3% of your salary will be deducted and contributed each pay period and your contributions will be allocated as follows: You will be enrolled in one of the age appropriate JPMorgan Smart Retirement Funds based upon your current age. Please check box below if you do not wish to be automatically enrolled in the plan.

I choose not to participate in my employer-sponsored retirement plan at this time. I understand I may revoke this election at a later date as provided by my plan.

Allocation

Fill out Option I, Option II, or Option III. **Please complete only one.**

***(Please fill out Option I, Option II, or Option III. Do not fill out more than one section.)***

By completion of Option I or Option II you enroll in GoalMaker, Prudential's asset allocation program, and you direct Prudential to invest your contribution(s) according to a GoalMaker model portfolio that is based on your risk tolerance and time horizon. You also direct Prudential to automatically rebalance your account quarterly according to the model portfolio chosen. Enrollment in GoalMaker can be canceled at anytime.

Please refer to the Retirement Workbook for more information on rebalancing and age adjustment.

Option I or Option II must be completed accurately, otherwise your investment allocation will be placed in GoalMaker with age adjustment.

Option III must be completed accurately and received by Prudential **before** assets are accepted; otherwise, contributions will be placed in the default investment option selected by your plan. Upon receipt of your completed enrollment form, **all future** contributions will be allocated according to your investment selection. You must contact Prudential to transfer any **existing** funds from the default option.

Morningstar uses a holistic, total wealth approach steeped in research that considers an investor's unique risk preferences and risk capacity to map an investor to the most appropriate overall stock and bond mix in weights represent the optimal combination of "accumulation-oriented" characteristics vs. given the unique profile of the investor.

In applying particular asset allocation models to your individual situation, you should consider your other assets, income, and investments (e.g., equity in a home, Social Security benefits, individual retirement plan investments, savings accounts, and interests in other qualified and non-qualified plans) in addition to your interests in the plan.

There are other designated investment alternatives that have similar risk and return characteristics available and can be viewed in the "design your own allocation section" of this form. More information on these investment alternatives is available by logging on to [prudential.com/online/retirement](http://prudential.com/online/retirement) or by calling the number listed on this form.

**(Please fill out Option I, Option II, or Option III. Do not fill out more than one section.)**

**Option I – Choose GoalMaker with Age Adjustment**

By selecting your risk tolerance, and confirming your expected retirement age below, your contributions will be automatically invested in a GoalMaker model portfolio that is based on your risk tolerance and years left until retirement. You also confirm your participation in GoalMaker's age adjustment feature, which adjusts your allocations over time based on your years left until retirement.

**Option II – Choose GoalMaker *without* Age Adjustment**

I do not want to take advantage of GoalMaker's age adjustment feature. Please invest my contributions according to the model portfolios selected below and I acknowledge that I have reviewed the additional GoalMaker and investment information within the option 1 section above and that I have received a list of investments with similar risk and return characteristics as noted in the "design you own investment allocation section" of this document. More information on these investment alternatives is available by logging on to [prudential.com/online/retirement](http://prudential.com/online/retirement) or by calling the number listed on this form.
